FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA104MS

TOYOTA CELICA
(Filter is located behind glove box)

1. The cabin air filter is located behind the glove compartment.

2. Open the glove compartment & remove the support arm by sliding the arm off the pin (A) or removing the screw (B) (if either are fitted).

3. Push each side of glove box (A & B) to release catches then lift back of glove box to release hinges then remove glove box. (Glove box remains attached on left hand side)

4. To remove filter assembly, squeeze tabs on both sides as shown and pull filter assembly out.

5. Remove used filter from tray, fit new filter to tray making sure that flat side is facing down.

6. Push new filter assembly and tray into position then refit all previously removed components,

Dispose of used filter correctly.
