FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA104MS

TOYOTA AVENSIS VERSO
(Filter located in glove compartment)

1: Push sides of glove box (A & B) to release catches, roll glove box down, unclip hinges to remove glove box.

2: Slide filter tray out from glove box compartment.

3: Remove used filter from tray. Fit new Ryco filter. Refit all previously removed components.

4: Clean filter housing, dispose of used filter correctly.
