

RYCO FILTERS

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA177C.

JEEP CHEROKEE WG, WH & WJ

1. The cabin air filter is located in the engine cowl on the passenger side right after the windscreen.
2. Open the bonnet and remove the passenger side wiper blade arm. Pull the rubber gasket going along the edge of the cowl up to the centre. Then lift up the plastic trim of the cowl to gain access to the cabin air filter housing, slide the hand in and unclip the lid.
3. Grab hold of the old cabin air filter and slide it out carefully to avoid any accumulated debris from being spread around and clean the area.
4. Slide in the new cabin air filter making sure it is facing to the right air flow direction and refit all components in reverse order.
